2. [REDACTED] were up to see me about Cap's future assignment and retirement. Cap now wants to go to Europe as originally planned for his next tour in lieu of having [REDACTED] stay over there. This would mean that the outside limit for his retirement would be 1 July 1962 instead of 1 July 1961. Cap explained that this would mean a great deal to him financially, etc. In view of the difficulty we seem to have in getting qualified accountants, I can see no objection to making this arrangement with Cap. However, I asked [REDACTED] to write to [REDACTED] and get his reaction inasmuch as he will be the Chief of the Audit Staff when this plan would be implemented.

3. [REDACTED] was up prior to his departure for [REDACTED]. He is happy about the assignment but was critical of the Medical Staff because although they had had a file on his wife since last October they just this week requested her to come in for two days for examination. Inasmuch as he is departing for [REDACTED] on Friday it does seem that this should have been handled much earlier. I will discuss this with John Tietjen.

4. In pursuing our executive development policy I asked Jim Garrison to assume that the Director, the Deputy Director and the Executive Officer of the Office of Logistics positions were all vacant and to give me his recommendations as to what he would do to fill them.
